December Fun in the 5 day 3s

We have had an amazing, fun filled and very busy month! We hit the ground running after Thanksgiving, jumping right into preparations for our big holiday celebration! We worked very hard to learn all our songs! We also made so many beautiful holiday crafts, including Christmas Trees, glittery ornaments and wreaths, and read so many holiday books! And no Christmas would be complete without reindeer food! There was also lots of laughter and playtime with friends!

In science we took a closer look at the Christmas Tree, which is an evergreen tree that never loses its leaves! There are many different kinds of evergreen trees, like a white pine tree or a Norway spruce (very soft) or a blue spruce tree (very prickly). We also learned that Christmas is filled with beautiful yummy smells like gingerbread, peppermint and pine! 🌲
